Museum Program Advanced During Committee Meet

Although Governor Edmund G. Brown will be unable to attend the dedication ceremonies for the new Emigrant Trail Museum at Donner Memorial State Park on September 8 and 9, many other state and national officials have accepted the invitation of the Truckee Donner Chamber of Commerce to participate.

This was learned at a meeting of the chamber committee held at Smart's Friday to further plans for the elaborate program.

Two members of the Placer County Chamber of Commerce, President Dave Hughes and Carl Palmer were present to volunteer all possible aid in adding to the success of the project and will continue to work with the local committee.

Chamber Manager N. F. Dolley said four bands have been engaged to participate in the celebration on both Saturday and Sunday. They are the local band headed by Richard Small, the Nevada Indian band, under the direction of Brady Johnson, an eight piece German band from Rio Vista and the Clampers from Nevada City.

Also added to the program will be a group of Indian dancers from Nevada and an estimated 500 square dancers who will give an exhibition Saturday morning and dance again on the street that evening.

There will be street dances both Saturday and Sunday evening's, by the Truckee Donner Horsemen.

The latter organization, which will begin their wagon train September 6 in Reno and conclude Sunday at the park, will sponsor a public breakfast September 8 at 7:30 at their camp at the junction of Prosser and Alder Creeks.

Frank Snyder, who represented the Horsemen at the meeting, said that a rodeo is tentatively planned for Monday, September 10 at a location to be announced later.

Dr. H. P. Tapia, chairman of the parade committee, said there will be two sections, the first representing the historic section with the commercial and other groups being divided by the Horsemen Wagon Train.

Cecil Edmunds, in charge of invitations and program, said most of the bids to officials have been accepted.

Dumas Retires As Long Career Ends

L. S. Dumas, veteran railroader and for many years a resident of Truckee, retired from service Tuesday and will continue to make his home here with Mrs. Dumas at their house on High Street.

For more than 40 years Dumas piloted engines over the Sierra between Roseville and Sparks, much of the time on the helper mallets out of Truckee.

When the latter service was discontinued because of the employment of diesel locomotives, Dumas transferred to Sparks where he operated a switch engine during recent years.

A number of prominent Southern Pacific officials last Friday came from Sacramento, Roseville and Ogden to wish Dumas a pleasant retirement, a sentiment which will be echoed by his many friends in this community.

UTILITIES HEARING TO BE HELD HERE

Two separate hearings by the California Public Utilities Commission will be held in the justice court Wednesday, August 8 and Thursday, August 9, each session to start at 10 a. m.

The first hearing will be in the matter of investigation on the commission's own motion into the operations and practices of Harold Hallman, doing business as H. Hallman Transportation, 1 Main St., Sierra City.

The second hearing will be into the operation, rates and practices of Gerald M. Burelle of Sierraville.

Examiner Martin J. Porter will preside at both hearings and all interested parties may attend.

DANCE TO DEDICATE NEW PATIO PLANNED

Hal Welch this week announced completion of Donner Lake Lodge's new patio and to celebrate its opening, a public dance will be held there Saturday, August 4 starting at 9 p. m. Music will be by Pete, Luke, Cal, Plus 2.

A coke bar has been installed on the patio for the teenagers.

The patio seats 400 at meals, Welch said and overlooks Donner Lake. Eventually a barbecue pit will be added to the new addition.

Grahams at Truckee River—

Members of the G. E. Graham family of Berkeley are sojourning and hosting friends at their home on the Truckee river.

The battle of Santa Clara concluded the United States conquest of northern California Jan. 2, 1847.

First Planes Land On Airstrip; Board Plans Operations

Not since 1929 when the last of the trimotored Ford planes of the old Mattox Airlines made its final trip between the Truckee-Tahoe area and San Francisco, has a plane landed on the prepared airstrip in Martis Valley—that is not until last Sunday when Jack Houlgate set his trusty Cessna down on the new Truckee Tahoe Airport.

The new airstrip has been graded only, but Houlgate said he had no difficulty in landing and taking off.

By a strange coincidence, a half hour later, a Stinson plane piloted by Bill Mason of Los Angeles, also landed on the partly constructed strip. He was accompanied by a financier who desires to remain anonymous at this time, but who is greatly interested in investing in some of the airport facilities if conditions are favorable.

The directors of the airport district met Monday with Mr and Mrs. Warren Boggess of the Pacific States Aviation, Inc., of Concord who, in partnership with Mrs. Dorthy Forbes of Tahoe and Piedmont have made a proposal for fix base operations at the airport. They were accompanied by Architect Hans Ostwald of Berkeley who will design the architectural features around their operations should they be given a contract by the district.

Boggess has been in the fix base operations at Concord since 1946 and believes that there is a good future in the Truckee Tahoe airport.

Oswalt said it would be the purpose of his clients to make the airport outstanding and distinctive, and the architectural design would be symbolic of the character of the surrounding country.

The board took the proposal under consideration as there are other proposals to be considered.

Girl Swims Tahoe On Third Attempt

TAHOE CITY — After two previous unsuccessful attempts during the past year, Erline Christopherson, 16 year old Lodi girl Sunday swam the grueling 17 miles from Baldwin Beach to Dollar Point on Lake Tahoe.

The recent swim was done without fanfare and the lack of publicity kept numerous boats from the course of the swim which previously had caused rough water in the girl's course.

Accompanying her in the boat were her parents, Mr. and Mrs. Maurice Christopherson.

She stepped into the crystal clear water of the mile-high lake at 2:40 a. m. and touched land at 4:17 p. m., 13 hours and 37 minutes later.

"I didn't publicize my try this time because too many boats around would make the water choppy and rough," she said. "Never at any time did I feel I was in trouble."

Her last previous try was only three weeks agon on July 8. She was taken from the water then after it became too rough and she became cold. On her first try last year, she missed by only about a mile.

FIVE FIRES RESULT FROM FRIDAY STORM

The lightning storm last Friday started five fires in the Truckee district of the Tahoe National Forest, all of which were confined to a small area. Four of the fires were back of Squaw Peak and one of these spread over an acre before being stopped. One fire was east of the Truckee River near Squaw Valley entrance.

The ever-ready helicopter was responsible for bringing a quick halt to all five of the fires.

CAPITAL VISITORS HERE

Rev. and Mrs. Marvin Quattlebaum and Mr. and Mrs. George Griggs, of Sacramento were visitors Tuesday with Mr. and Mrs. Eugene Risden, Mr. and Mrs. Cecil Edmunds, the Sierra Sun staff and other friends. All are former local residents, leaving here about 14 years ago.

Clepper Guests—

Mrs. Vina Clepper has as her house guests Mrs. Bessie Quick, niece Susan of Covina.

Many Injured By Vehicle Accidents On Local Highway

A series of motor vehicle accidents during the past week sent a number of people to the Tahoe Forest Hospital and resulted in thousands of dollars in property damage, the California Highway Patrol reported.

The most spectacular crash occurred Tuesday morning a mile west of Donner Lake when a huge produce truck operated by Edgar Bristol Stogdill, 50, North Highlands, driver for Safeway Stores, got out of control when the brakes failed and plunged off Donner grade.

Stogdill told Patrolman Glenn Virus and Lt. Oliver Ledford, who investigated, he leaped from the cab after trying to control the runaway vehicle about 3:30 a. m. Both legs were broken and he was taken to the hospital.

Two Injured

Deray William Rapp, 20, Carnelian Bay and Bruce Alverson, 21, Henderson, Nevada, were injured, the latter seriously, when a car driven by the former wrecked Sunday at 3:45 p. m. just south of Tahoe City. Rapp told the highway patrol the driver of a car in front flagged him by and he discovered too late there was not sufficient clearance and the car plunged off the grade and struck a pole.

Minor Injuries

Robert Russell Brault, 18, Truckee, suffered minor injuries Monday at 7:40 p. m. when his car ran

(Continued on Page 10)

Causey Again In First Place In Race

RENO—The action was fast and the competition fierce in Reno Stock Car Association races Saturday night at Reno Speedway, with several "photo finishes" in both stock car and hardtop divisions.

Harry Causey of Truckee and Ron Wells of Reno took home the bacon in the hardtop and stocker main events, with Bob Brown, Ron Gautsche, Truckee, and Cliff Driscoll running strong competition.

Causey turned in the fast time for hardtops, 18.15 seconds, and Brown paced the stockers with a lap time of 20.03. Causey also took the hardtop trophy dash.

David Prather barely edged Causey in the third heat in the hardtop division, with Red Harris of Truckee coming in third.

The stocker main was marred by two roll-overs and two re-starts. Benny Davis, Truckee, rolled coming out of the south turn on the ninth lap of the hardtop main, tried to continue the race, but his car quit and he coasted to the pits.

LOCAL CELEBRATION IS GIVEN PUBLICITY

Wide-spread publicity for the program dedicating the new Emigrant Trail Museum at Donner Memorial State Park is being given.

Most recent was a page article and picture in the July issue of The Clamper, the official publication of the Clampers of California published at Stockton. The article, contributed by Hillis Hubbard of Grass Valley, active in the local program, was entitled "A Trek to Truckee," and gave details of the program proposed.

FIRE STARTER GETS FINE IN COURT HERE

Oral L. Gentry, Truckee, was fined $26.50 by Judge F. W. Wilson after being found guilty of burning an incinerator at Donner Lake without a permit. He was cited by forest service officers.

A warning was again issued by the service that permits must be obtained for all outside burning.

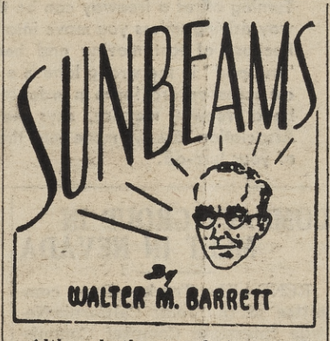
LAKE VISITOR DIES

Funeral services for Avon M. Smith, who died Saturday at Brockway, were conducted this week at Sacramento under the auspices of the veterans affiliated council. Smith, 62, was a draftsman for the state for 16 years and had been a Sacramento resident since 1928. He is survived by his wife.

City Visitors—

Mrs. Lorrin Ferdinand and children were visitors with her sister last week in San Francisco.

SUNBEAMS



WALTER M. BARRETT

Although the population of the Truckee-Donner area of Nevada County is showing a rapid increase the number of registered voters is not keeping pace with this growth. With registration for the November 6 general election closing September 13, it is urged that every eligible resident make the small effort to register and qualify to cast his ballot at the election. To register for the general election, a voter must have lived in the state one year, the county 90 days and the precinct 54 days before November 6. At Soda Springs the deputy registrar is Frances Couillard at Soda Springs Hotel and in Truckee at the office of the Truckee Public Utility District where Eve Hallett is deputy registrar. Those who have changed party affiliation, moved, changed their name or will reach 21 on or before November 6 should register now. It is a duty and privilege which must be carried out.

Truckee Man Held On Assault Charge

As a result of a brawl Monday morning at 4 a. m., Jesse James Owens, 44, Phoenix, Arizona, employed on local construction work, is being held under $3,150 bail on a charge of assault with a deadly weapon, a felony.

Joseph Dean Withroder, 42, Citrus Heights, was treated for knife wounds on his throat and was treated at the Tahoe Forest Hospital.

According to Deputy Sheriff Roy Waters, who with Preston Patnoude made the investigation, Owens claimed Withroder was familiar with the former's wife and when he found them together Monday morning at the Owens apartment a fight ensued.

A few hours later, Mrs. Owens was arrested and charged with being intoxicated and was removed to the Nevada County jail in lieu of $105 bail.

Both Mr. and Mrs. Owens appeared before Judge F. W. Wilson for disposition of their cases.

LOCAL RESIDENTS URGED TO PREPARE FOR DONNER FETE

In keeping with the dedication theme for the new Emigrant Trail Museum September 8 and 9, N. F. Dolley, chamber of commerce manager, has issued an appeal to everyone to join in the spirit of the affair by donning pioneer costumes, with all the trimmings.

This theme should be carried out in the local restaurants, bars and other public places, Dolley suggests, to give wide attention to the forthcoming celebration.

SANITARIAN IS NOW SOUTH TAHOE AIDE

Area Sanitarian Richard Walker has an additional assignment to his local duties.

The official will be at the department of public health branch office in Tahoe Valley each Tuesday and Thursday between the hours of 8:30 and 9:30 a. m. and will be available for field service the balance of the day.

ED FREEMAN GETS HIGHER CHP RATING

Local friends of Edward L. Freeman will be pleased to learn of his promotion to captain in the California Highway Patrol. Freeman, who served here as sergeant, was advanced to lieutenant and effective July 15 was advanced to captain in the Bishop area where he has been working during recent years.

ARTIST WILL SHOW

MOUNTAIN RANCH — DuPont Vincent, county professional artist, will conduct a one man show in Tahoe Vista, Lake Tahoe, Friday, Saturday and Sunday.

Sparks Business Is Purchased By Lake Tahoe Men

Jack Neugebauer, Lyn Ribal and William Briner, all prominent residents of North Lake Tahoe, under the corporate name of Lake Enterprises, Inc., have purchased the Sparks Bowlarium in Sparks, Nevada, according to an announcement by Robert C. Bowers, real estate manager for Lucini and Associates, who handled the transaction.

The Bowlarium was started in 1948 by Les and Santino Oppio, from whom the local men made the purchase.

The Bowlarium includes the 16 alleys, a laundromat, cocktail lounge and adjacent property at 21st and B Streets, running to Prater Way in the rear. The Spot Bar, which was included in the purchase, is leased to Walt and Frances Ashton.

Bill Cooper will be manager and all the new owners will remain at Tahoe where Neugebauer manages the Brockway Theater, Ribal his real estate firm and Briner, county supervisor.

Meeting Called To Plan Conventions

Ivan Tofft, director of the recently organized Tahoe-Squaw Valley-Truckee-Donner Convention Bureau, has called a meeting of all local resort, hotel and motel operators to be held at Donner Lake Lodge Monday, August 6 at 8 p.m. for the purpose of listing availabel accommodations for future conventions in the area.

Tofft said it is important that all interested operators attend as accommodations will be strained to care for visitors to the area. The first convention of major importance will be the Radio Church of God, scheduled for October 12 through 21 at Squaw Valley.

Other conventions are planned through 1965 and it is the purpose of the bureau, Tofft said, to line up accommodations throughout the district to bring in bigger groups in the future.

It is believed that the Radio Church of God attendance will fill every available room in the region and possibly require more, Tofft said.

MORE PHONE CALLS RECORDED IN AREA

Tahoe-Truckee area residents are using their telephones more than ever before, Pacific Telephone Manager J. C. Domergue said today.

According to figures just released by the phone company, customers in the Tahoe area placed an average of 33,600 telephone calls each day during 1961.

This is some 900 calls per day more than in 1960 and about 17,000 more than in 1956, Domergue said.

The number of telephones has gone up too. Last year there were 10,000 phones in the area compared to 8,200 in 1960. Over the last five years, there has been a 233 per cent increase in the number of telephones.

Domergue added that there are now about 90 telephone employes working in the area. Their payroll last year totaled $510,500.

MOUNTAINEERS WIN GAME BY DEFAULT

The Tahoe-Truckee Mountaineers won their seventh straight Sierra-Nevada semi-professional league game last Sunday at Reno when Sproul Homes forfeited the contest 9-0.

The Nevada team could only muster seven men at game time so the mountaineers were given the victory without a battle.

The local ball club returns home this Sunday to host the Fallon Desert Admirals at 2 p. m.

HOSPITAL PICNIC

The annual picnic for employes and staff at the Tahoe Forest Hospital will be held on the lawn at Donner Lake Lodge Tuesday, August 7. Approximately 60 will attend.

At Trade Winds—

Don Ross, high school student at Carlsbad, New Mexico is helping his father and uncle, Jack and Joe Ross at the Tradewinds during vacation.

Summer Resident Of Tahoe Killed In Auto Accident

Funeral services were held Friday morning at Mountain View cemetery in San Francisco for Mrs. Elfert H. Luhrs, former widow of A. H. Hills, cofounder of Hills Bros. Coffee, Inc., who passed away July 24 in Portland, Oregon, as a result of injuries sustained in an automobile accident a short time earlier.

The deceased and Mr. Luhrs were on a vacation trip to the Pacific Northwest.

Mrs. Luhrs was a long-time resident of Piedmont and had been prominent in East Bay civic and social life for many years and maintained a summer home at Lake Tahoe where she was well known. She was known for her devotion to a number of charitable organizations to which she contributed personally and financially.

Besides her husband, Mrs. Luhrs is survived by a stepson, Herbert Gray Hills of San Francisco and two daughters, Mrs. Oliver W. Meek and Mrs. Clark J. Burnham, Jr., both of Piedmont. A third daughter, Barbara Gene Topping Scott, passed away in 1954.

Other survivors include 11 grandchildren and seven great-grandchildren.

Friends of Mrs. Luhrs throughout this region were saddened to learn of her tragic accident.

Ed Holtz, Truckee Resident, Expires

Edward Francis Holtz, 71, for the past 12 years owner and operator of Anita Court just east of Donner Lake, expired here Wednesday morning. The body was taken to Guerneville for funeral services and burial.

Holtz, a native of San Francisco, was born February 2, 1889. He was a veteran of World War I and lived at Santa Rosa before coming to Truckee.

Besides his wife, Anita, the deceased leaves one sister, Miss Ella Holtz of San Jose.

The Truckee Colonial Mortuary handled local arrangements.

RABIES CLINIC WILL BE HELD AUGUST 12

The Nevada County Health Department will hold its annual rabies clinic Sunday, August 12, from 10 a. m. to 12 noon at the Truckee Volunteer Fire House.

All persons wishing to have their dog or cat innoculated against rabies can bring them at that time. The charge will be $2 per animal. Nevada County Veterinarian George S. Knox, D.V.M., will be in charge.

SQUAW OWNERS TO HOLD MEET AUG. 4

SQUAW VALLEY — The Squaw Valley Property Owners Association will hold its annual meeting on Saturday, August 4, at the United Church of Christ in Squaw Valley from 2 until 4:30 p. m.

The order of business will include reports concerning the present and future development of Squaw Valley by persons in authority.

Following the meeting a "no host" cocktail party will be held in the Squaw Valley Lodge and dinner for the members and their guests will be served at 6:30 p. m.

Anyone wishing to make reservations may call OL 8-4187.

STATE TO SELL ITEMS AT AUCTION AUG. 9

The state division of highways will conduct a public auction beginning at 10 a. m., August 9, for the sale of 26 items of machinery and equipment.

All items will be auctioned at the highway maintenance station in Nevada City, 801 Zion Street.

CEMETERY BOARD MEET

The Truckee Cemetery board will meet, Tuesday, at 10 a. m. August 7 in the Toggery on Commercial Row, in a business session. Mrs. Edith Welch, secretary, said that anyone interested is welcome to attend.

HELD AS DRUNK

Mardi Pollack, 43, Truckee was arrested by sheriff's deputies last week and taken to the county jail at Nevada City on a drunk charge.

Changes In Policy Proposed In Plan Of Forest Service

A comprehensive report on the multiple use plan for the Lake Tahoe Basin of the Tahoe National Forest has just been issue by the department of agriculture.

The plan applies to sections of three national forests, the Tahoe, Eldorado and Toiyabe. The plan is approved and the basic direction outlined and it is intended to remain in effect until 1975, although it will be reviewed every five years and relevant management guides may then be modified in accordance with significant changes in the basic situation.

While the plan is primarily intended for use of the forest service it suggests opportunities for mutual advantages which may be realized through cooperation of federal, state, county and local agencies.

Some of the important assumptions are as follows:

Water—Water will continue to be the most important product of the national forest land in this area and management will be intensified to help meet the increasing public demand for usable water.

Recreation Increase

Recreation — Recreation will continue to be of increasing importance and demands of the public will have an increasing impact on resources and facilities. The permanent population is now about 25,000 and some 200,000 people visit the area annually for

Continued on Page 9

Youth Is Lost In Lake Tahoe Swim

Hope has been abandoned for recovering the body of Herbert Ullmeyer, 20 year old Palo Alto youth, whose attempt to swim ashore from a drifting boat at Meeks Bay Saturday apparently failed.

Chief William Blanford, officer in charge of the Lake Tahoe Coast Guard station at Lake Forest, said search parties scanned the lake and its shores Saturday night and all day Sunday without results.

Ullmeyer, a good swimmer, attempted to swim the two miles from the stalled boat when a squall came up after the boat developed engine trouble. Three other passengers in the boat, Miss Cynthia Jones, Al Sequeia and Miss Lynn Walker, all of San Jose, said Ullmeyer began the swim about 4:30 p. m.

They said he appeared to be doing nicely for about ten minutes. Then, they said, the sun got in their eyes and they lost track of him. He was wearing two life belts, only one of which was in good condition.

The three survivors drifted across the lake for five hours before being rescued by an unidentified boat near Cave Rock where they were taken ashore about 10 p. m.

It is believed Ullmeyer's body may have been pulled to the bottom of the lake and possibly will never be found.

Ullmeyer's parents, Mr. and Mrs. Albert Ullmeyer reside at Palo Alto.

CHUCK BAKER NOW HEADS LIONS CLUB

At a recent meeting of the Truckee Lions Club Woodrow (Chuck) Baker was elected to the office of president, succeeding Sherman Reams.

Other officers chosen include Dr. H. P. Tapia, first vice president; Jack Houlgate, second vice president; Edward Shirley, third vice president; Lauren Russell, tail twister; Richard Higgins, lion tamer; R. W. Seibold, secretary and Roy Waters, treasurer. Directors are William Englehart, N. F. Dolley, Sherman Reams and Zeph Rose.

SKI FEDERATION TO HOLD WATER MEET

The Bay Area Ski Federation's annual water ski meet and carnival will be staged at Donner Lake Lodge Saturday and Sunday, August 11 and 12. Proprietor Hal Welch is making preparation for between 200 and 300 members and guests at the affair.

A barbecue Saturday evening will be a feature of the gathering.

CUTUPS NOW STAR AT NEVADA LODGE

The comical "Cutups" are now in their second great week at the famous Nevada Lodge at the north end of Lake Tahoe. The hilarious comedy routines and song styles of this duo has delighted the audience in the Nevada Lodge theater-bar every night, and they will continue to appear through August 8.

Lloyds Move—

Mr. and Mrs. E. A. Lloyd have left Corcoran for Porterville. The Lloyds are former Truckee residents.

PLEASE BE CAREFUL WITH FIRES

It happened 100 YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862 . . . the same year that

IN CALIFORNIA, despite the blizzard of '62, stagecoaches kept rolling on the Salt Lake City to San Francisco run. After arriving in California these rugged travelers often relaxed with a refreshing glass of beer.

For even then, beer was the traditional beverage of moderation. Beer still provides enjoyment for Californians, as well as a good living for the 26,300 employees and the many suppliers of the California Brewing Industry.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

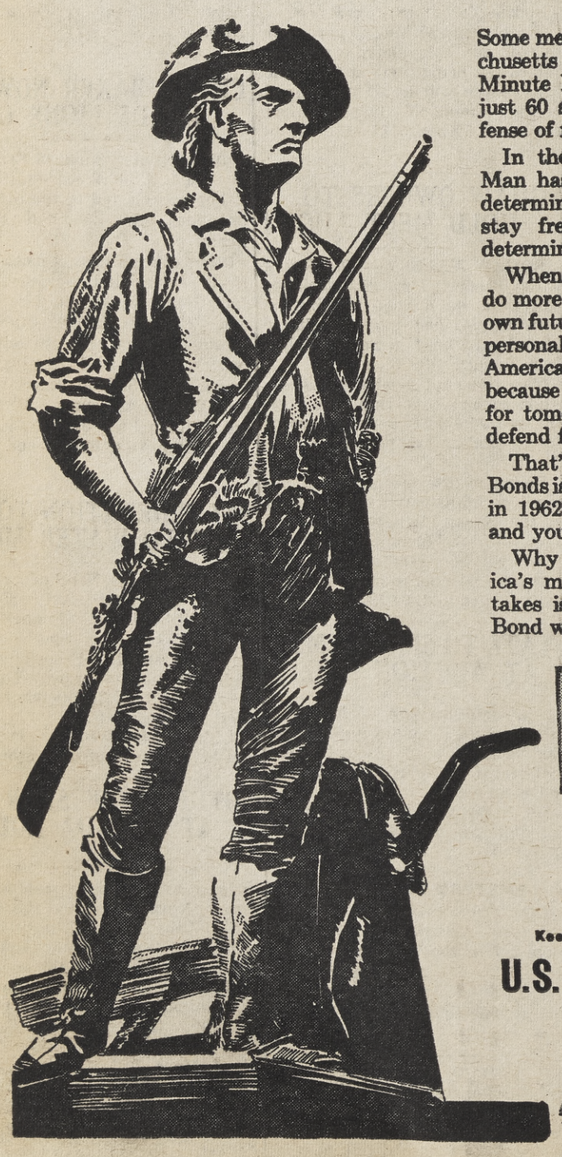
A message from the Treasury of a free people

How to stand guard for freedom in 1962



Some men of Concord in old Massachusetts once got themselves called Minute Men because it took them just 60 seconds to come to the defense of freedom, day or night.

In the years since, the Minute Man has become a symbol of our determination to stay strong and to stay free. Other symbols of that determination are Savings Bonds.

When you buy a Bond today you do more than invest money for your own future. You also show your own personal determination to keep America strong and free right now—because the same dollars you save for tomorrow help the government defend freedom today.

That's why buying U.S. Savings Bonds is a way to be a "Minute Man" in 1962. And Bonds work for you and your country around the clock.

Why not join the ranks of America's modern Minute Men? All it takes is $18.75 and a visit to the Bond window at the bank.

Keep freedom in your future with

U.S. SAVINGS BONDS

"Debutante," a sloop owned and skippered by John Kingaard, took first place honors in the sailing events held last week on the lake near Sunnyside odge. The boats competed on a six nautical mile triangular course beautifully set by Bill Briner. Briner also officiated as starter and timer. "Cherry Pit," owned by Mr. and Mrs. Kjell Rustad, took second place honors. Other craft, and owners, placing were: "Flying Dutchman, Jr.", Christine and Skip Armstrong; "U. S. Fin," Jerry Roberton; "X L Green Suit," Ed Wallace; "Green Suit," Ed Wallace; a Catamaran, Mr. and Mrs. Don Huber; and "Flying Dutchman, II," Jim Armstrong.

Ed Wallace and Kjell Rustad, co-directors of the sailing division of the Lake Tahoe Yacht Club, announced that another sailing competition will be held at Sunnyside, August 5, at 2 p. m. and that all classes of sailboats are invited to participate in the events.

* * *

Mr. and Mrs. Sal Ventimiglia and son Tommy of San Lorenzo Village were recent house guests of Mr. and Mrs. Chuck Henrikson at their Tahoe City home.

* * *

Liesel Pelletier of Squaw Valley is coaching junior members of the Squaw Valley Sporting Club in water-skiing activities. Mrs. Pelletier is being assisted by Dorothy McCaskie of Tahoe City.

* * *

Congratulations to Darryl and Julie Fenley of Tahoe Park who became parents of their first child, a son, who arrived on Thursday, July 26 at Tahoe Forest Hospital. The new-comer, Kevin John, weighed in at 9 pounds, 6 ounces.

* * *

Kevin Kehoe of Tahoe City observed a birthday on July 27.

* * *

Recent house guests of the Earl Kelley's at their Lake Forest home were Mr. and Mrs. George Kelley of Veneta, Oregon.

* * *

LITTLE LEAGUE NOTES: Doug Baxter of Kings Beach announced that one of the finest plays of the season was executed last week when the Kings Beach Giants made a very difficult double play . . . home run hitters of the week were Rocky Riggs and Larry Chaney of Kings Beach and Ronnie Walker of Truckee . . . winning pitchers of the week were Bob Simpson, Chris Wiser, Joe Corro, Ronnie Walker, all of Truckee, Steve Holley of Kings Beach, Ernie Marier, Dick Balbuena and Ron Frazier of Tahoe City.

* * *

Mrs. Ralph Towle and son Tim of Hollister visited Tahoe City and Al Tahoe friends last weekend.

* * *

Mr. and Mrs. E. G. Kitchen, Jr. are spending their 22nd summer vacation at Meeks Bay. They are accompanied by daughter Sue and son Ed.

* * *

"Adult Activity No. 5," an overnight Jeep trip to Rubicon Springs, will be enjoyed by members of the Squaw Valley Sporting Club on August 11. Planning the trip are Mr. and Mrs. Pete Klaussen.

* * *

Enjoying (?) birthday last week were Mrs. Bud Meixner of Lake Forest and Mrs. Bob Jorgensen of Tahoe City. They celebrated on the same date, July 26.

* * *

Building an addition to their Tahoe City home are Lillian and Harold Farr.

* * *

They're calling her Geri "Walton" Bean because she's such a successful fisherman. Almost any day of the week one can find Geri in some back-woods fishing spot.

* * *

Leaving soon for an annual family reunion are Mr. and Mrs. Earl Kelley and children of Lake Forest. The reunion will be held in Veneta, Oregon and relatives from all over the country will attend. While there, the Kelley's will be guests of Mrs. Kelley's mother, Mrs. Esther Keeler, and the Earl F. Kelleys.

* * *

Mr. and Mrs. Cliff Anderson and son Jim of Napa are vacationing at Meeks Bay.

* * *

Celebrating an 11th birthday on July 2 was Dick Balbuena of Tahoe City.

* * *

Recent overnight guests of Eunice and Chuck Henrikson of Tahoe City were Melba and Lonnie Dubose of Auburn.

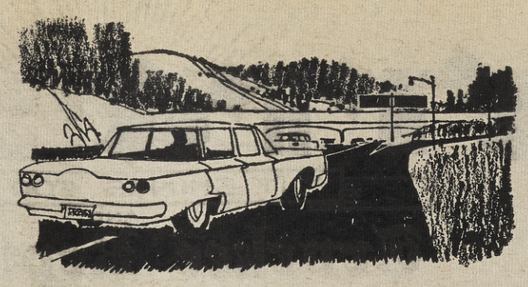
* * *

Mrs. Hilda Pugh of Squaw Valley and Mrs. William Sopar of Auburn have announced that the wedding of their children, James Stanley Pugh and Cecilia Sopar, will take place on August 18 at the Corpus Christi Church near Tahoe City. A reception will be held after the ceremony at the Squaw Valley home of the groom's mother.

* * *

The stork met the Volkswagen of Mr. and Mrs. Paul Rivard of Dollar Point early Tuesday morning, July 31 and quite unexpectedly left them their third son at the intersection of Squaw Valley road with State Route 89, half way to the Tahoe Forest Hospital where they were bound.

Dr. Douglas Brodie, also of Dollar Point, was following closely in his car as they sped toward the hospital and rendered his expert assistance. Mother and son are doing nicely.



LIFESAVERS

Turning off of a freeway can be the hardest part of super-highway driving unless you move into the proper lane soon enough. Because of fast moving and heavy traffic, the driver who is "trapped" in the wrong lane is a real hazard as he attempts to cut across several lanes in order to turn off at an exit point. Don't be a freeway menace, says the California State Automobile Association, always move into the proper lane well in advance of your turn-off.

COMPACT GROUP IN MEET IN NEVADA

RENO—The Truckee Rver committee of the Joint California-Nevada Interstate Compact Commission conducted an explanatory session on a new Nevada proposal for allocation between the two states of water in the Truckee River and its tributaries last week.

There was virtually no negotiation at the session. Instead California members proposed a number of questions regarding the intent of certain wording in the Nevada proposal.

With these questions cleared up, the committee tentatively scheduled another meeting for August 20 or 27. At this time, committee members will resume actual negotiations aimed at writing a final compact provision for allocation between the two states of Truckee water.

Nevada has proposed giving California 35,000 acre feet of water a year out of the Truckee. This would be for both present and future uses. The proposal also would recognize all existing present uses of river water in both states.

Under the plan, Nevada would be entitled to all other water in the river system after California takes its 35,000 acre feet. The Truckee flow in a normal year is about 450,000 acre feet.

No Redistricting For Placer County

AUBURN — In a report to the board of supervisors Monday, the Placer County redistricting committee recommended no changes in the boundaries of Placer's five supervisorial districts. The committee approved the recent boundary change in which Foresthill and Colfax were both included in District 4, and the Lake Tahoe area in District 5.

"The residents of Colfax and Foresthill felt that they have interests in common," the report stated, "and no opposition was found to the recent redistricting which placed the Foresthill area in District 4."

With the exception of District 5, the committee found the present district boundaries were "fairly equal population wise," District 5 had a smaller permanent population, Committee Chairman L. L. Anderson reported, but committee members thought the greater seasonal influx of summer visitors offset this difference.

The report concluded: "It is the opinion of this committee that the present districts are very equitably distributed and no change is indicated at this time, however, it is recommended that the conditions be reappraised in two years."

NORTH TAHOE BRIEFS...

. . . By BETHEL
Telephone LIberty 6-3842

The summer season has caught up wth your correspondent. The old cliche "no news is good news" does not apply to a reporter—but no news, printable at least, is almost where we are this week. Rumors,—not here.

This is just a plea to please phone your news during the busy season.

Happy birthday to Charles Hooper of Brockway, son of Harry and Ceta Hooper, who celebrated his natal day on July 22 when he was nine years old.

Eda Judy of Kings Beach has had a busy enjoyable week with out of town guests. Burnell Bell of Sacramento spent the weekend with his grandmother. J. C. Glunt of Lakeworth, Florida, formerly of Kings Beach, also was a guest.

Mr. and Mrs. Elmer Byrd and children Dean, Janice and Linda, of Babbitt, Nevada, also spent several days visiting with Mrs. Judy.

Women's Society of Christian Service met Wednesday evening at the home of Ruth Mizner in Kings Beach. Plans for a ham and turkey dinner to be held at the Kings Beach Methodist Community Church on August 8 were discussed and planned. Dinner will be served from 5 p. m. to 8 p. m. with donations of $1.50 for adults and 75 cents for children. The public is welcome.

The Webber family of Grass Valley have been guests of Carmen and Helene Leon at Kings Beach this past week. Mr. Webber is out of the air force after serving in Puerto Rico. He returns to Sacramento where he will have his business.

Mrs. Leal Margrave and son-in-law H. Bruce Johnson of Carmichael visited Brockway over the weekend. Mrs. Margrave is building a home on Lakeview Drive and came up to check on the progress of the construction.

Happy birthday to Bruce who celebrated his birthday on July 28.

Lake Tahoe-Sierra Chamber of Commerce participated in the dedicataion ceremonies of State Highway 28 on Friday, July 27. A distance of 8.1 miles was widened and realigned from Dollar Hill grade to the Nevada line. Estimated construction cost was $1,117,000. Following the dedication participants were the guests of Alex Madonna at the buffet luncheon at Cal Neva.

Chamber president, Selby Calkins, was master of ceremonies, and introduced guests, Alex Madonna, Ed Miller, Blair Geddes, Harry Freeman, Allen Hart, Assemblyman Paul Lunardi, with Lt. Oliver Ledford and assistants who closed the highway for the ribbon cutting ceremony.

Present at the luncheon besides the above mentioned were Fred Schultz, chamber manager, Bethel Van Tassel, secretary, and Velda Farris, office secretary.

Women's Club of North Tahoe executive board met at the home of Dorothea Whitley at Kings Beach on Wednesday to discuss the recent fashion show held at the North Shore Club. The board voted to give an equal share of the benefit funds derived from the show to the fire departments. Also discussed was plans for the show next year and a fall event.

Present at the meeting were president, Mabel Coulter, Jacquie Black, Louise Walter, Pearl Draney, Alice Hall, Bethel Van Tassel and hostess, Dorothea Whitley.

The Commission on Missions for the Kings Beach Methodist Community Church held a work meeting Thursday night. Used clothing was packed to be taken to Schurz's Indian Reservation near Yerington, Nevada. The commission plans to make the trip shortly. Fran Tompkins was chairman of the meeting, assisted by Eda Judy, Claire Van Hooser, Helene Leon, Ted and Pearl Draney. Refreshments were served by Rev. and Mrs. William Marx.

Women's Society of Christian Service plan a turkey and ham dinner at the Kings Beach Methodist Community Church for Wednesday, August 8, 6 p. m., according to president, Pearl Draney. The dinner will be open to the public, donation of $1.50 for adults and 75 cents for children.

The Women's Society reports that over $150 was realized at the recent rummage sale. Vera Moser was chairman.

Charles and Marge Walker have purchased a new home on Auga Pine into which they have just moved. The Walkers were former managers of Poco Beach Resort at Tahoe Vista.

Poco Beach has been sold by Gail Potter to Ed Wallace of the San Fernando Valley. The Wallaces intend to operate the resort year round.

Sgt. Tommy Gore, Ret. U.S.A. was pleasantly surprised to have an old friend, Major Francis Smythe, walk into his store from across the street. Hadn't seen one another for several years. Major Smythe and wife are on their way to China.

Also Hazel James had a similar experience when a schoolmate, Helen Mason Cifuentes, of Marysville, met in the grocery store at Tahoe Vista.

Ina Chapman of Indianapolis, was a guest of Bethel Van Tassel at Tahoe Vista on Saturday. Friends of many years, this was the first visit to the north shore area for Ina.

STERN WARNING ON DISCARD OF FIRED DEBRIS FROM CAR

California Highway Patrol Commissioner Bradford M. Crittenden this week cautioned motorists against throwing lighted material from vehicles or upon the roadway.

"During summer and early fall, fire danger soars. The careless discarding of cigarettes, matches or other lighted material can touch off a serious blaze."

He pointed out that it is also a violation of law to throw any flaming or glowing substance from a vehicle.

"Highway Patrol officers will cooperate in the battle against fires by strictly enforcing this law."

He expressed the hope that motorists themselves would recognize the danger, and "take it upon themselves to voluntarily comply with the law to help in preventing these costly fires."

DEDICATION IS HELD AT NORTH TAHOE FOR NEW HIGHWAY

KINGS BEACH—Dedication and ribbon-cutting ceremonies, conducted Friday, July 27 by the Lake Tahoe-Sierra Chamber of Commerce, for California's North Lake Tahoe Highway 28 marked the "final closure of that road for many years," according to a joint statement issued by Alan S. Hart, assistant state highway engineer and Selby Calkins, president of the chamber.

Ribbon-cutting ceremonies, the cause of the minute delay in traffic flow, were presided over by Paul Lunardi, 6th District Assemblyman. He was assisted by Harry Freeman, deputy director of the department of public works, Alan S. Hart, Selby Calkins, Velda Farris, chamber secretary; Alex Madonna, the contractor and his superintendent, Orville Beeman.

Preceding the ceremonies businessmen and service groups of the area formed a parade to tour the new road. Entries in the festive jaunt ranged from horses, pony carts, a modified San Francisco cable car and Model T Ford, to a modern convertible.

Following formal ceremonies the ribbon was again stretched across the road for the young set on ponies and horses. Aided by Madelyn Mullis and Lana Hill, Assemblyman Lunardi again snipped the ribbon in this unique setting. Lunardi, state highway officials, and chamber representatives were guests of Alex Mandonna at Frank Sinatra's Cal-Neva Lodge for lunch where Madonna said "this is the finest highway dedication I have ever attended for one of the most scenic drives I have ever taken." He also expressed his gratitude for the cooperation his firm had received from residents of the area who had been adversly affected during the construction period.

Illiterates are estimated to constitute approximately 44 per cent of the world population 15 years of age and older.

In terms of value, cattle and calves, dairy products and cotton accounted for about 40 per cent of California's total cash receipts from farm marketings in 1961.

TRUCKEE WOMAN IS HELD FOR PERJURY

NEVADA CITY — A 24 year old unemployed telephone operator, Lila Lee Rogers of Truckee, has been charged with felony perjury in making application for welfare aid.

Mrs. Rogers, six months pregnant, is charged with falsely claiming her estranged husband, Gary Rogers, now in San Francisco, is the father of her unborn child. She was bound over to the superior court following a preliminary hearing in the Nevada Judicial District Court. She was later released without bail to return to her home,

According to district attorney's investigator Frank Vargas, he is convinced that it was physically impossible that Rogers, who has been residing in San Francisco since the separation to have fathered the child.

Vargas said Mrs. Rogers was given every opportunity to identify the responsible man in the case and when she insisted in charging her estranged husband, her arrest followed.

Cotton accounts for about 11 per cent of Californias cash farm receipts.

NOTED ARTIST WILL EXHIBIT AT SQUAW

SQUAW VALLEY — The United Church of Christ in Squaw Valley will be the setting for an exhibit of the works of art of Walter Schmidt, a noted San Francisco artist. The works will be on display in the Converse Room of the church beginning Friday, August 3 and concluding Sunday evening, August 5.

Schmidt was born and raised and educated in Germany. During World War II he was a prisoner of war in England and while imprisoned was invited to exhibit his work.

Following the war the Schmidt family emigrated to Canada where he continued his education and then finally settled in San Francisco where he is employed with the San Francisco Chronicle.

WAR ON TREE PESTS OPENS AT NO. TAHOE

INCLINE VILLAGE—An appeal to owners of forest lands in the Lake Tahoe basin and the eastern Sierra, asking them to cooperate in programs to control pine beetles and dwarf mistletoe, was being drafted this week by officials of the Nevada Division of Forestry.

State Forester George Zappattini, pointing out that the California division of forestry is also waging an all-out fight against the pests in the Sierra, declared that "we are losing thousands of trees in Nevada, and every dead tree is a standing fire hazard as well as a nest for spreading infection."

Zappattini said that the infestation has been building for the past five drought years. Helped by long, dry periods of warm weather, pine beetles have been breeding five to eight generations a summer instead of the usual three.

One major property owner, Crystal Bay Development Co., sponsors of the Incline Village development on the north shore of Lake Tahoe, this summer renewed a cooperation agreement it has had with the Nevada Division of Forestry since the summer of 1960.

More than 800 acres have been treated by forestry crews fighting pine beetles at Incline Village, state officials said, but there are still 8,000 acres of the company's property awaiting inspection and control measures.

Ocean sands, gravel and occasional shells are sometimes found high on the sides of Mount Diablo and Mount Hamilton.

NOTICE OF PUBLIC HEARING

Use Permit Application for Trailer Parking, Truckee.

Notice is hereby given that on August 13, 1962 at 7:30 p. m. in the Supervisors' Chambers, Nevada City, California, the Nevada County Planning Commission will hold a public hearing where will be heard persons desiring to make statements, either in person or in writing addressed to said Commission at 244 Commercial Street, Nevada City, California, concerning the application for a use permit under the terms of Nevada County Interim Zoning Ordinance No. 207, by Gustave Hunke, applicant, for parking of a trailer, on the Southern Pacific Company property in Truckee, California.

ROOMS ARE NEEDED FOR SIERRA SCHOLARS

ROCKLIN—Needed: good housing for an increasing number of "commuter" college students in the Roseville-Auburn area.

Dean of Student Services Kathro Frank of Sierra College today urged persons in the vicinity of the school willing to offer room or room and board to students attending the college to contact Registrar Floyd Brown as soon as possible.

Miss Frank reported an expected increase in enrollment at Sierra in the number of students from the Tahoe-Truckee area, from Plumas County and from other areas located some distance from the campus.

While the campus has dormitory space for 24 men, additional housing for both men and women students is needed. Students will be provided with lists of available housing once the housing has been approved by Brown.

Brown may be contacted at OLiver 2-7273. Location of housing, rates, with or without board—these are some of the facts which the college will need to know.

Housing in the Rocklin, Loomis, Roseville, Newcastle and Auburn areas is needed. Expected enrollment at the college is expected to be more than 1,150, with registration now underway for classes which begin in early September.

COUNTY POPULATION SHOWS BIG INCREASE

SACRAMENTO —(CNS)— Nevada County had an estimated population of 22,700 on July 1, the state department of finance reported, a gain of 700 persons during the past year.

The county's percentage gain since July 1, 1961 was 3.2 per cent. It was a gain of 8.6 per cent from July 1, 1960.

This was very close to the statewide population increase, with a gain of 641,000 for 3.9 per cent since July 1, 1961 and 8.8 over July 1, 1960.

As usual, the big counties got bigger and the smaller ones got smaller, with some exceptions. A "big" exception was Alpine County where the population "exploded" during the past year. The gain of 100 persons brought the county total to 500. It was an increase of 25 per cent, highest percentage increase in the state.

With a gain of 156,900 persons in the past year, Los Angeles County was the numerical leader. Orange County followed with an increase of 83,600.

Losers in population during the past year, and since 1960, mainly were small mountain counties where dwindling operations in lumbering, mining or construction has resulted in movement of population. Notable exceptions to this were El Dorado and Placer counties, where growth in the Lake Tahoe area has more than offset any decreases that might have occurred in other parts of the two counties.

El Dorado showed a gain of 19.1 per cent since 1960 and Placer's population was up 12.1 per cent for that period.

SUMMER SESSIONS TERMED SUCCESSFUL

Sierra College's first summer session, which concludes six weeks of intensive activity next week, was termed a success today by Director Frank Vliet and college President Harold Weaver.

All scheduled classes were held with enrollment of 185 retained after an original signup of 194, Van Vliet stated.

Two art, history and political science classes were also offered successfully at Lake Tahoe by Harold and Vesta Chastain.

All courses offered were for college credit, with about 50 per cent of the students taking the courses being "adults" and half younger students. Those over 21 were classed as adults, those under as not.

Dean of Student Services Kathro Frank reported more than 25 per cent of the students asked for transcripts of their records of summer work sent to other institutions.

Weaver stated that he was pleased wtih the smooth operation of the college's first summer session and predicted steady increase in the program. "Most other junior colleges in the state have found their summer programs to be continuing suucesses."

GOVERNOR ON HORSE BACK TRIP TO KINGS

SACRAMENTO —(CNS)— Governor Edmund G. Brown traded the swivel chair in his executive office for a not-so-swiveling saddle horse last week to begin his fourth annual pack inspection trip into the high country.

Accompanied by state officials and friends, Brown is making a trip this year into the Kings Canyon country in the Sequoia national forest. Along with the 4½-hour ride into a remote lake, the party will be shown a number of department of fish and game projects and will try their luck at the elusive trout.

The party was to rendezvous at Giant Forest Lodge in Sequoia national park last Wednesday for a barbecue, guests of George L. Mauger, president and general manager of the Sequoia and Kings Canyon national parks company, and John Davis, superintendent of the park.

Among those making the trek with the governor are Tom Lynch, his longtime friend and district attorney of San Francisco; Alfred Stern, member, state park commission; Dr. Dan O. Kilroy, member, state athletic commission; William P. Elser, San Diego, Thomas H. Richards Jr., Sacramento, Henry Clineschmidt, Redding and Dante Nomellini, Stockton, all members of the fish and game commission;

William E. Warne, administrator, natural resources agency; W. T. Shannon, director of fish and game; DeWitt Nelson, director of conservation; Robert Calkins, deputy director of conservation; Les Edgerton, assistant to the fish and game commission; Lawrence Cloyd, regional menager, department of fish and game, and Eldon Ball, supervisor, Sequoia national forest.

Capitol News Service's Edwin S. Capps is making the trip for the third year in a row.

The state of California gets 7.47 per cent of every dollar wagered on horse racing through the parimutuel windows.

Camp Curry in Yosemite National Park was established in 1899.

DRIVE IS STARTED TO SECURE BOND VOTE

SACRAMENTO —(CNS)— Richard A. McGee, administrator of the youth and adult corrections agency, has become one of the first top state officials to renew the campaign for voter approval of a $270 million bond issue in November.

A $270 million bond issue appeared on the June 5 primary election ballot but was defeated 2,227,838 to 1,326,776. Governor Edmund G. Brown called the legislature into a special session in June and the legislature approved a bond issue, almost identical, to appear on the November ballot as Proposition 1-A.

About 80 per cent of the bond funds would go for higher education needs at the University of California, the state college system and the junior colleges.

McGee, in a speech to the building and construction trades council convention in San Francisco, first outlined the needs for higher education, but then added:

"The fact that 80 per cent of the bond issue is committed to higher education does not mean that the 20 per cent remaining is of any less importance. The financial expenditure is smaller but the needs are no less vital.

"The same wave of youth that brings the genius, the all-American athlete, the leaders of tomorrow, also brings the retarded and mentally ill — it brings the delinquent, the addict and the criminal."

McGee said the California youth authority has been able to receive commitments from the courts during the past year without a long wait in county jails or other facilities — the first time there hasn't been a waiting lest since the authority began in 1941. But, he said, the CYA would be right back where it started from if the new bond funds are not approved.

ALL SCHOOLS GET EQUAL TREATMENT AT CAL UNIVERSITY

There is no loss of credits or grades for transfer students to the University of California, whether they come from Harvard, Sierra college or any other accredited institution, since they are treated exactly like other resident university students, university officials emphasized.

The university statement to jnuior college officials was to "allay the rumors that the University of California reduces all junior college grades upon transfer to C's.

Miss Katherine L. Walker, assistant director of relations with schools, pointed out that students are expected to make a C average, or better, in work completed in the university in order to obtain their bachelor's degrees, and that all grades from other institutions are accepted for full value.

The official stated that transferable units from non-university institutions are counted toward the bachelor's degree either as electives or as courses meeting specific requirements for a given school or college.

Transfer students can not use transfer grades to offset a grade point deficit in work at the university, however. Non-university grade points are counted in the same way as U. C. grade points in awarding loans and scholarships and in determining membership in such honor societies as Phi Beta Kappa.

Junior college transfer students are fully accepted in higher colleges and universities. Junior colleges receive their accreditation from the same agency and investigators as the four-year schools, which entitles full transfer of units and grade points.

The majority of university students now come from the junior colleges.

The university announces that junior college transfers, who could have entered the university after high school, make as good or better grades than four-year university students. Junior college students who make up inferior high school grades and then transfer to the university, are credited with virtually the same grades as resident students.

There are more than 150 streams and gulches in California which include the word "arroyo" which means "watercourse."

Rockefeller Center in New York City will become the property of Columbia University in 2069.

Antonio Islas, Mexican Counsel for Northern California and Nevada, congratulates Richard Steere, director of advertising of California Liquid Gas Corporation, upon selecting a Western Airlines "Magic Week in Mexico" as grand prize for the organization's Gas Heat Fiesta drawing. Looking on approvingly is Clissy Hyde, Western Airlines' travel counselaire. Winner of the drawing will receive a free trip for two to Mexico City, Taxco and Acapulco, including hotel and tour transportation. Registration coupons may be obtained at Ransome Propane or Truckee-Tahoe Fuel Co.

MEXICAN VACATION OFFERED FOR TWO IN LP GAS CONTEST

L. C. Hubbard, manager of Ransome Propane, announced today that his company will celebrate its annual Gas Heat Fiesta starting this week and running through October. The event features a grand prize drawing of a free trip for two to Mexico via Western Airlines.

"Magic Week in Mexico," a regular travel feature of Western Airlines, includes deluxe round trip by air, all hotel accommodations and tour transportation for 8 days and 7 nights. The winner may extend his Mexican stay at his own expense if desired.

An official welcome to the grand prize winner will be given by lovely Clissy Hyde, Western Airlines travel counselaire and theme girl for the Gas Heat Fiesta. She is a former airline stewardess and now specializes in counseling air travelers.

The magic week tour includes 5 days and 4 nights in gay, exciting Mexico City, where the winners may spend their time sightseeing, visiting the capitol's richly-stocked shops, night clubbing or just relaxing.

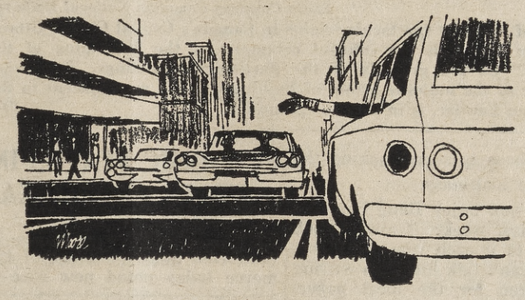
They will drive through picturesque country to Taxco, famed for its skilled silversmiths and richly-crafted merchandise. The nearby mines supply metal for the city's principal industry.

Then the tour party motors to the enchanting resort center of Acapulco, overlooking the warm Pacific. Two days here gives time for sightseeing, deep sea fishing, swimming at the fabulous beach or sampling the resort's famed night life.

Following this delightful adventure, the grand prize winners will return to Mexico City by motor for a final day in the capital before departing on Western's return flight to "Estados Unidos."

In addition to the grand prize drawing, three other awards will be made to lucky winners here in Truckee. The additional awards are: a complete desk size weather station, an LP-Gas camp light and an indoor-outdoor thermometer. Free registration coupons for the Gas Heat Fiesta prize drawing may be obtained at Ransome Propane, or Truckee-Tahoe Fuel Co.

The first cable between San Francisco and the Hawaiian islands was completed Jan. 1, 1903, when the cable ship Silverton arrived in Honolulu.



LIFESAVERS

The correct way to make a left turn in traffic, says the California State Automobile Association, is to wait until it is clearly safe to do so. The law requires the person making the turn to yield the right of way to oncoming traffic which is so close as to constitute a hazard at any time during the turn. First, signal correctly, then wait for a safe opening that allows you plenty of time to make your turn.

DEBUTANTE WINNER OF SAIL REGATTA HELD AT SUNNYSIDE

SUNNYSIDE — "The Debutante" an international 30 square meter foot racing sloop, skippered by John Kingaard, and owned by Alex Kingaard, was first place winner in Sunday's sail regatta, sponsored by the Tahoe Yacht Club. "The Debutante" was the official entry of the Olympic Yacht Club located at the Tahoe Vista Marina.

The event, held at Sunnyside Boat Harbor, encompassed a six mile triangular course set by Bill Briner, who also served as official timer and starter for the races.

Second place went to Mr. and Mrs. Kjell Rustad, who own and skippered the Cherrypit, a 19 foot Rhodes. Placing third was the Flying Dutchman, Jr. a 14 foot boat owned by Jim Armstrong and skippered by Christine and Skip Armstrong.

Coming in fourth was Jerry Robertson, owner and skipper of the 15 foot U. S. Finn. Fifth and sixth place went to the 30 foot XL Green Suit and the 25 foot Green Suit owned by Ed Wallis. Mr. and Mrs. Don Huber, owners and skippers of the Catamaran came in seventh with Flying Dutchman No. 2, owned and skippered by Jim Armstrong placed eighth.

Ed Wallis and Kjell Rustad, chairman of the sailing division for the club, announce that the next sail boat race will take place on Sunday, August 5, at Sunnyside, with 2 p. m. being the tentative starting time. The race is open to sailboats in all classes. For further information, call Bill Briner, JU 3-4226.

JOE E. LEWIS STARS IN CAL NEVA SHOW

CRYSTAL BAY—Joe E. Lewis, a seasoned product of the Golden Era of show business and certainly one of the world's funniest men, opens at Frank Sinatra's Cal-Neva Lodge, Friday, August 3.

Lewis' wealth of side-splitting stories, gags and ad-libs is legend when and wherever show business becomes conversation piece on the entertainment scene. Austin Mack, his side-kick and accompanist, will be right there at the 88's as usual. Jack Jones, the handsome, gifted son of Allen Jones and Irene Hervey, brings his recording hits to the Celebrity Room under the capable baton of Matty Malnek. A full chorus line of gorgeous Cal-Neva lovelies add the glamour touch to the Agust 3 billing.

The Cal-Neva lounge features Freddie Bell and the Bell Boys, one of the great show combos in the nation. Donnie Brooks, Linda Leigh and Her Lads plus the Florida sensation, Willie Restrum, round out Cal-Neva's policy of the tops in continuous lounge entertainment.

RENO SPORTS CARS WILL RACE SEPT. 22

RENO—The second annual Reno sports car races have been officially set for September 22 and 23 according to an announcement from Lt. Col. Clarence B. Bacon recently. Bacon is the sports car race chairman.

The races will be sponsored by the Reno Lions Club and underwritten by Bill Harrah, Reno and Lake Tahoe sportsman. Profits from the races will be distributed among the Lions Club various civic charities.

The 1961 Reno sports car races proved to be highly successful with over 10,000 spectators and 145 entrants. Chuck Parsons, last year's winner, is expected to return as is runner-up Dave Ridenour.

Stead Air Force Base will again be the scene of the races which will be run over a three mile course sanctioned by the Sports Car Club of America. The air base lies 12 miles north of Reno on Highway 395.

The race is one of the most important amateur events in this part of the country and will feature the modified sports car races, production car races and formula junior car races. The Grand Prix Motorcycle Race will also be featured in the September event. The field includes many of the finest cycle racers in the country.

DIVOT-DIGGERS

By BETTY KIELHOFER

SUNDAY AT THE PONDEROSA: We got a big kick watching Jack Jensen operate Shorty Harris' caterpillar clearing the rought on No. 1 fairway. He said Sherm Reams showed him the 'ropes' and looked just like an old 'pro' out there.

I had a swell seat on the practice green to watch the teing off on no one, but soon was chased away as two scorching balls went whizzing passed my nose by none other than that demon with a driver, John Firpo. John tells me he has arranged tentatively for a home and home game with Tahoe City for the 19th of August. This should be lots of fun-

Shirley Straub beamed with pride when she told me her husband Joe and sons, Joey and Monty, have all taken up golf and are doing real well. Next year we'll have to get Shirley out there, too.

Several players have qualified for the championship games coming up . . . noticed Majel Rose and Ruthie Waller were the first two ladies to do so . . . Remember, you only have until August 12.

You should see Carol Tollefson clobber that ball. I'd wager she can outdrive any of the women 'cause when she really gets on to it, the ball sails at least 200 yards. She'll be one to watch.

Probably the most amazing beginner among the women is Eve Popovich, who came in wiht 114 in her qualifying round and this is tops for playing such a short time. These gals are making the old game look easy.

Didn't you enjoy Doug Barrett's column last week? I always look forward to it each year and it's a pity we can't talk him into writing more often for the local paper. It's fun hearing his impressions of the old town after a long absence.

Charlie Cozzi says he's going to stop by for John Moretta his next trip to the course and get him started on the game . . . This event was supposed to take place last year and I'm still waiting to record it with my movie camera.

Hazel Stewart has been working awfully hard in the clubhouse and hasn't been getting in much golf at all. I hear she's a good golfer and urged her to join our ladies tournaments. She says she plans to after a little practice to get back in the swing of it.

We were surprised and pleased to see Gil Kumle and 'Nuke' Frates playing . . . Ran into Ivan Tofft Sunday evening and he wanted to know truthfully what shape the golf course was in this year . . . said he had numerous inquiries at the motel from people wanting to know if it was improved over last year.

Well, all we can advise is that anyone who hasn't seen it this year will gain a lot by going up for a first hand inspection. It's beautiful!

Changing Of The Guard Colorful Ottawa Affair

Photo Courtesy Canadian National Railways

One of the most spectacular sights in Canada's Capital City of Ottawa during August is the colorful ceremony of the "Changing of the Guard" on the grounds of the Parliament Buildings. The Peace Tower of the majestic group of buildings, which are adjacent to the Chateau Laurier, is in the background. FNS

ECONOMIC STATUS IN STATE ON INCREASE

SACRAMENTO — (CNS) — The California State Chamber of Commerce today noted new record highs in California's economic status.

The Chamber's magazine, California, Magazine of the Pacific, said that increases in employment which have averaged two per cent a month, have been continuous throughout the fiscal year, which is unusual in view of the state's seasonal employment pattern in the past.

Of nine industrial classifications, five showed substantial employment increase, three were about even, and only one declined.

Car registrations increased, department stores showed an eight per cent gain, bank debits, 18 per cent and private and public construcion activities, a 17 per cent increase.

ELIGIBLE STUDENTS WELCOME AT SIERRA

ROCKLIN—"Admission to Sierra College will be denied to no one who can benefit from it," College President Harold Weaver stated today.

Weaver's statement came in explanation of the need for applications for admission.

"There is no question of being accepted by the college," Weaver explained, "but we must have transcripts and applications and testing to provide guidance for students in programming."

"At Sierra and other junior colleges in the state we are offering programs for all high school graduates and adults, not only programs leading to transfer to four-year institutions.

"We are equally proud of our gradutaes who are accepted at California and Stanford and those students in business or forestry or any other vocational field who go from Sierra into summertime 'work experience' programs or full-time jobs," Weaver explained.

"Junior colleges have this great advantage over other colleges, that they can offer programs for everyone and training in many areas. At Sierra we offer both agriculture courses for the student planning to transfer to another institution and courses for the terminal student. Each semester we offer almost 400 courses to meet the requirements of students majoring in engineering, business, electronics, law enforcement, mining or music, and many other fields."

Students with high school deficiencies can remedy those deficiencies. Students wanting vocational training can obtain that training.

Full time counselling by 30 instructors will begin August 24 and continue through the opening of the fall term September 11.

"State law requires that any high school graduate or adult who can benefit be admitted to junior college. Our community college philosophy accepts and endorses that law," Weaver stated.

Dates of the Sierra Bible Chapel Vacation Bible School will be August 13 through 24. The theme this year is Patriots for Christ, one of universal interest. Much preparation is being made to offer each child a book of his own as well as individual handcraft to take home. Bible stories will be seen as well as heard and the practical application made on each age level. Many new choruses will be learned as well as some of the great hymns of the faith reviewed.

The material used is evangelical and nondenominational, published by Scripture Press which serves many denominations that specialize in teaching the word of God on every age level. There is no charge for this school; an offering will be taken each day for those who wish to give.

Phone LUther 7-3595
Mass Schedule:
Truckee, 8 and 10 a. m.
Kings Beach, 8, 10, 11 a. m. 12 and 5 p. m.
Soda Springs, 11 a. m.

CHRISTIAN SCIENCE
Meets at Wyethia Clubhouse, Truckee.
Sunday School, 9:30 a. m.
Morning Services, 11 a. m.
Wednesday evening meetings will be held the third Wednesday in the month, during June, July and August.

Mankind's need for prayer based on heartfelt gratitude to God will be brought out at Christian Science church services Sunday.

Highlighting the lesson-sermon on the subject of "Love" is the golden text from the Bible (I John 4): "God is love; and he that dwelleth in God, and God in him."

A citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states (p. 4): "What we most need is the prayer of fervent desire for growth in grace, expressed in patience, meekness, love, and good deeds."

UNITED CHURCH OF CHRIST
(Interdenominational)
Rev. Franklin S. Evans, Minister
Squaw Valley
Mail address: Box 3, Squaw Village, Phone OL 8-9960
SUNDAY SERVICES:
9 a. m., Morning worship and child care.
11 a. m. Morning worship and church school.
8 p. m., Evening vesper.
Thursday, 8 p. m., Evening vesper.

Beginning a series of biographical sermons on important Old Testament figures, Rev. Frank Evans will preach the first of the series of sermons entitled "Joseph the Dreamer" at 7, 9 and 11 a. m. hours of worship on Sunday, August 5, at the United Church of Christ in Squaw Valley.

There is child care at each hour and the church school session meets at 10:10 for a 45 minute period including classes for all age levels and an adult seminar. The adult seminar this week will be taught by Walter Schmidt, noted San Francisco artist whose works will be on exhibit in the church this weekend. Mr. Schmidt will discuss the relation between religion and art.

QUEEN OF THE SNOWS
Squaw Valley
Sunday, 12 noon.
Confessions are heard at Corpus Christi on Saturdays from 3:30 to 4:30 p. m. Also from 7:30 to 7:55 a. m. Sunday.
Catechism classes for children, Wednesday afternoon. Younger at 2:30 and older at 3:10.

FOREST SERVICE PLAN

(Continued from Page 1)

summer recreation. It is estimated that by 1975 the permanent population will increase to 55,000.

The basin, the report says, has become a winter sports mecca and between 1950 and 1960, the number of winter recreation visitors increased 450 per cent.

Timber—The esthetic values of the forest will continue to be of prime importance although limited lumbering will continue. More intensive timber management will be needed to maintain the timber stands in order to meet the overall objectives of this multiple use plan.

Livestock forage — Cattle and sheep grazing will continue to decrease in importance as an industry in the basin.

Seeks Cooperation

Wildlife and fish—The recreation value of wildlife resources will increase in importance. Sound management of game and fish resources will required continued close cooperation among federal and other agencies.

Minerals—Minerals will not be a major resources of the basin.

Lands—The need for modifying land ownership patterns will increase and coordinated planning will be necessary to bring about orderly development.

Transportation — Population increases will require additional roads and freeways and air travel will become a more important link to and within the basin.

Fire control — Fire hazards and risks will continue to increase and the potential for large fire disasters which are a danger to lives and property will be ever-present.

Action Required

To provide for the above, the forest service proposes to take some revolutionary steps such as having undesirable structures moved back from lakes to allow unrestricted public access and to improve the esthetic values.

Present dumps and sewage disposal plants will be eliminated from forest lands at the first opportunity. Resorts and organization sites will receive low priority for occupancy of lands and beach frontage will be obtained by purchase or exchange.

Fire hazards will be drastically reduced and suppression crews will be geared to meet increasing hazards.

Only those trees will be cut which are a safety hazard and must be removed.

Livestock will be permitted in suitable areas where grazing can be coordinated with other uses.

Recreation areas will be fenced if necessary to exclude livestock.

Improve Facilities

Potential winter sports areas will be examined from a standpoint of land use and needs and no new developments will be permitted to mar the landscape. "Snow play" areas will be provided as the need arises.

Hiking trails will be developed and only small, primitive-type camp and picnic sites will be developed.

Timber harvest will be limited to cutting overmature, high risk and human hazard trees and logging practices will be modified to be consistent with management direction. Trees will be planted on burns or either denuded areas.

Wildlife habitat will be improved.

Many other changes and improvements throughout the basis are included in the long-range plan, all designed to add to the esthetic value and use of the national forest areas.

Adjustment Made In Squaw Squable

AUBURN — Assessment of the Squaw Valley Improvement Corporation's possessory interest in state constructed facilities on the 1960 Winter Olympic site was reduced to $185,700 in last minute move by the county board of equalization Tuesday.

AUBURN—The dispute over the assessments of the Squaw Valley Improvement Corporation's possessory interest in facilities at the Olympic Winter Games site boiled over here when representatives of the concessionaire accused the county assessor's office of conspiring to drive them out of business.

The charge was made at the outset of a meeting between the corporation and the county board of equalization. Later, William A. Newsom, Jr., and his attorney indicated the word "conspiracy" was too harsh and asked it be stricken from the record.

Board Studying

The board is considering the assessments on the possessory interest, which Newsom and his father, William, Sr., president of the corporation, state is inequitable according to the recommendation of the assessor's office.

Before representatives of the corporation softened their position, they accused Assessor Lloyd Geraldson and his assistant, Robert Williams, of stopping an expert appraiser from San Francisco from testifying at the board of equalization hearings. They also charged the assessors office would not cooperate in furnishing records.

William A. Newsom, Jr., an attorney and vice president of the corporation, told the board they would sell the rights to the concession at 15 per cent of the amount appraised by Williams.

Would Take Offer

"We had it up for sale at $500,000 and we were offered $350,000," Newsom said. "The offer was turned down but we would take it now."

Geraldson, who expressed ire at the attacks of Newsom and his attorney, denied any conspiracy.

The assessor had valued the possessory interest at $76,750 for the land, $563,000 for the improvements and $15,600 for personal property for the 1962 year.

Supporting the corporation in its fight was Herbert Eling of San Francisco, a real estate appraiser, who indicated the only way to assess the facilities in Squaw Valley is by the income approach. Geraldson and Williams agreed all methods should be used.

MEMBERSHIP GAINS IN REALTY GROUP

AUBURN — The Tahoe Sierra Board of Realtors, serving the northern and western Lake Tahoe areas, has had a membership increase from five members on March 1, this year, to 42 at the present time. President Charles Beardsley made this announcement at a dinner meeting last week and added that after a number of new memberships are processed, the total should be 50.

Other officers are Earl Gray, vice president; Norman Hislop, secretary-treasurer; and Hank Dodd, Earl Washburn, Phil Bonstin, Midge Vandenberg and Max Hoff, all members of the board of directors.

Gordon Moyer announced that the multiple listing service had already secured over $5,000,000 worth of gross listings.

COUPLES RECEIVE LICENSES

Glenn Ricketts, 46 and Hazel Silliman, 39, both of Crystal Bay, Nevada were issued a Nevada marriage license.

Claude E. Jackson, 72, and Jessie Springer, 62, both of Homewood, Lake Tahoe went to Nevada for a license to wed.

James Halstead, 55, and Irene Deputy, 49, both of Tahoe City also went to the neighboring state for a marriage license.

NAMED LIEUTENANT

CRYSTAL BAY — Frank Adams, who has served as Washoe County deputy sheriff since 1960, has been appointed lieutenant in charge of the Crystal Bay substation by Sheriff C. W. Young.

Clopeks Visit—

Mr. and Mrs. Arthur Clopek of Reno were Sunday visitors with Mr. and Mrs. C. B. White. Mr. White had just returned home after a stay at Tahoe Forest Hospital.

From Utah—

Merrill Englehart was home en route from Utah to Travis Air Base where he will attend a special school for a week.

At Donner—

The J. R. Cullens of San Francisco spent some time at Donner Lake.

Improving—

Mrs. Mabel Uren of Auburn is improving following an illness while visiting at the home of Mr. and Mrs. Harry Stout.

From Walnut Creek—

The Carson White address has again changed from Walnut Creek to Truckee.

From Loyalton—

Carl Chandler of Loyalton was a visitor here last week.

Saia From Capital

Joe Saia of Sacramento attended the funeral last week for Mrs. Annie Tonini.

Boise Guests—

Mr. and Mrs. Frank Barrett of Boise, Idaho, stopped en route to San Francisco to see the Walter Barretts.

Recovering—

Walter Hensen of Loyalton said he was recovering from his recent automobile accident.

NEW DEVICE WILL BE USED ON AVALANCHE

A training device widely used by big-league baseball teams has been adapted to a more dramatic use in snow avalanche control by the U. S. Forest Service. The device, a converted gas-operated baseball launcher commercially produced in California, will project a 2-pound explosive charge up to distances of one fourth mile, stated Charles A. Connaughton, regional forester.

The converted gas gun is known as an Avalauncher. It resembles a lightweight mortar and propels a commercially available explosive charge which is less costly than a 75 mm artillery shell.

Limited availability and restricted use of artillery in avalanche control led the forest service to study the development of suitable portable equipment which could be readily available to ski slope operators, utility companies, and others who need to control avalanche hazard in order to safeguard life or property. The project was undertaken by nationally known avalanche expert Montgomery Atwater and was carried out at Squaw Valley, site of the 1960 Olympic Winter Games in the Tahoe National Forest.

An illustrated forest service publication released by the regional office and Tahoe National Forest gives details on the development, testing and operation of the Avalauncher. Final testing of a production model of the Avalauncher will take place early next winter by the forest service in the high Sierra.

COUNTY GAINS FROM HIGHWAY USER TAX

SACRAMENTO—(CNS) — Highway users provided $30,681,821 for the state, cities and counties during the month of July, Alan Cranston, state controller, announced today.

Share of Nevada County amounted to $26,864.59, Cranston said.

Here is how the total was apportioned to the three levels of government:

State Highway Fund, $18,336,494.

Counties, $7,646,243.

Cities, $4,220,096.

Cranston said the distribution was $1,103,799, or 3.7 per cent more than for the same month of 1961.

The money was composed of $28,296,925 from the gasoline tax; $1,905,248 from the diesel fuel tax; $478,988 by transfer from the motor vehicle transportation fund, and the balance from miscellaneous sources.

Raes Here—

Mr. and Mrs. Ed Rae of San Francisco were guests of Mr. and Mrs. Sherm Elsworthy last week at Donner Lake.

Hortons Here—

Mr. and Mrs. H. M. Horton are living at Donner Lake, after his retirement, coming from Santa Rosa.

Go South—

The V. G. Eberhart family who had lived at Soda Springs and Floriston are now making their home at Watsonville.

Trio To Utah—

Shirley and Lorraine Davis and Linda Russell are leaving by train today to vacation with relatives at Salt Lake City and Ogden, Utah.

The Czarist regime in Russia collapsed in March, 1917.

MANY INJURED

(Continued from Page 1)

into one driven by Felix Edward Wroblewski, 17, of Colfax on Highway 40 a mile and a half west of the quarantine station. Brault told the patrol he did not see Wroblewski signal for a left turn as both cars were proceeding west.

Major Injuries

Valerie A. Erickson, 21, Sacramento, employed at Cal-Neva Lodge, was seriously injured Saturday at 5:20 p. m. when her car got out of control on the detour on the Brockway shortcut and struck a rock beside the road and rolled into a tree.

Scooter Accident

Lawrence F. Kazakoff, 15, San Bruno, suffered major injuries Saturday at 5 p. m. in Kings Beach when his motor scooter he was riding ran into a car driven by John F. Downey, 47, Sacramento. Both vehicles were traveling east. The boy was taken to Tahoe Forest Hospital.

Local Boy Hurt

Daven Morey, Jr., 16, narrowly escaped serious injuries Thursday at 10 p. m. when the light car he was driving seven miles south of Truckee on the shortcut got out of control and overturned several times down the embankment. He was taken to the Tahoe Forest Hospital for treatment and released. The car was demolished.

HERE, KAJA, THE BULLET YOU FIRED AT PRINCE ASMIR!

Fritzi Ritz

By ERNIE BUSHMILLER®

I HOPE FRITZI WILL DO ME A FAVOR

FRITZI---I'VE GOT TO DRIVE OVER TO WESTPORT---HOW ABOUT LENDING ME YOUR CAR?

SORRY, PHIL---SOMETHING ABOUT IT ISN'T WORKING RIGHT

COME ON---STOP FIBBING---YOU NEVER LIKE TO LEND ME YOUR CAR

HONESTLY---THE MECHANIC IS GOING TO STOP BY ON HIS WAY HOME TO CHECK IT

YOU'RE SURE YOU AREN'T JUST TRYING TO GET OUT OF LENDING IT?

ABSOLUTELY

OKAY---THEN I APOLOGIZE FOR DOUBTING YOU

I FORGIVE YOU

OH, MISS RITZ---I GOT HERE A LITTLE EARLY---

---NOW WE'LL SEE WHAT'S WRONG WITH THE CLOCK IN YOUR CAR

TOOLS

AUG.-5-

LONG SAM®

A TYPICAL AMERICAN LATE-NIGHT TV HOME...

WHAT'S ALL THE SCREAMING ABOUT, MOM? WE CAN'T DO OUR HOMEWORK!

YEAH—WHAT'S ALL THE EXCITEMENT?

BACK TO YOUR ROOM, GIRLS!!! IT'S NOTHING YOU'D BE INTERESTED IN!!

THEY'RE JUST INTRODUCING (THROB!-PANT!) RICHARD BURNTWICK!!

AND NOW—A LIVING LEGEND—OUT OF RETIREMENT AFTER 20 YEARS—THE MAN WHO BROKE COUNTLESS THOUSANDS OF HEARTS IN HIS ACTIVE YEARS—THE ONE, THE ONLY—THE IMMORTAL MAN OF ROMANCE—RICHARD BURNTWICK—WITH HIS NEWEST LOVE!!!

THIS WAY, RICHARD...

EH?—OH—THANK YOU, LONG SAM, MY DEAR—

TO A MAN—THE TV AUDIENCE MARVELS AT HIS TRIUMPHANT RETURN...

GADFRY! YOU'VE GOT TO ADMIRE OLD BURNTWICK! AFTER ALL THESE YEARS HE CAN STILL CAPTIVATE A BEAUTIFUL GIRL!!

I WISH I'D HAD A TENTH OF HIS ROMANCES!!

I WISH YOU'D BEEN A TENTH AS ROMANTIC!!!

CONGRATULATIONS, RICHARD—YOU'VE DONE IT AGAIN!! SHE'S LOVELY!!

EH?—OH—LONG SAM—YES—SHE IS NICE...

HEH-HEH—IS THAT ALL YOU CAN SAY ABOUT YOUR NEWEST LOVE?

NEWEST LOVE? SHE'S NOT MY NEWEST LOVE! THIS IS MY NEWEST LOVE!!!

IT TOOK ME 20 YEARS TO LIVE IT, AND ANOTHER 20 TO REMEMBER IT ALL! AND I'VE RECORDED EVERY ROMANTIC DETAIL—INCLUDING PLACES, EVENTS AND...NAMES!

The LIFE and LOVES of RICHARD BURNTWICK by Richard

WOW!! I'VE GOT TO GET A COPY OF THAT BOOK! IMAGINE! THE STORY OF ALL HIS CONQUESTS; AND THEIR NAMES!!!

GASP!

THAT BOOK MUST NEVER REACH THE PUBLIC!!

IT'S GOT TO BE SOLD OUT BEFORE IT EVER GOES ON SALE!!

TO BE CONTINUED.

Tarzan

by Edgar Rice Burroughs

HERE, KAJA, THE BULLET *YOU* FIRED AT PRINCE ASMIR!

NO! NO! IT WAS NOT MY IDEA!!..

I DID NOT WANT TO SHOOT THE PRINCE... BUT PETIDAR PROMISED TO MAKE ME PRIME MINISTER IF...

KAJA! I WARNED YOU TO...

John Celardo

...BE QUIET!!

...BE QUIET!

BE QUIET!

AAAGHHH!!

KAJA WAS MAD, YOUR HIGHNESS... CAN YOU NOT SEE HE WAS LYING?.. I KILLED HIM TO *PROTECT* YOU!!

BANG!

'WHY, TARZAN? *WHY?*..

OVER THE CENTURIES IT HAS BEEN AN OFT-TOLD TALE, PRINCE ASMIR...

...ONE MAN, WITH A COMPULSIVE INNER URGE TO HOLD THE FATE OF MAN IN THE PALM OF HIS HAND, LEADING ONLY TO DESTRUCTION--OF OTHERS-AND THEN HIMSELF!

BUT I HAD GREAT PLANS TO UTILIZE THEIR TALENTS IN KEY POSITIONS!

THAT JUST WOULD NOT HAVE BEEN ENOUGH!... LIKE SWINE, THEY HAD TO *GORGE* THEMSELVES- INSTEAD THEY *CONSUMED* THEMSELVES!!
